**ABSTRACT**

The progress of a nation always depends on knowledge acquired through education and its sensible application. For global, national and regional progress quality education is indispensable. To improve the quality of education, teacher education is a significant vehicle. We require quality teachers who are dedicated to teaching and outfitted with essential knowledge, skills and competencies for effective teaching to deliver excellent education and to fulfill the needs of society. In this age of liberalization, privatization and globalization to enhance the quality of teacher education is very important and challenging task.
